- ◇ Anti sticking
- ◇ Welding ability
- ◇ Weather resistance and UV protection
- ◇ Light surface/reflectivity

Fire Resistance

Waterproof

Stable & Safe

Easy Installation

Avulsion Resistance

Multi Purpose

UV Resistant

3 Years Warranty

Typically entails:

Tailored Design: Customized hotel dome glamping tents are designed according to the specific requirements, preferences, and branding of the hotel or resort. This may include incorporating unique architectural elements, color schemes, logos, and signage to align with the overall branding and theme of the property.

Bespoke Features: These tents can be customized with bespoke features and amenities to enhance the guest experience. This might include luxury furnishings, premium bedding, ensuite bathrooms, climate control systems, entertainment options, and more.

Site-Specific Considerations: The design and construction of customized hotel dome glamping tents take into account the unique characteristics of the site where they will be installed. Factors such as terrain, climate, landscape features, and environmental regulations are considered to ensure optimal placement and integration with the surroundings.

Guest Comfort: The primary goal of customized hotel dome glamping tents is to provide guests with a comfortable and memorable stay. The interior layout, furnishings, and amenities are carefully selected to maximize comfort and convenience while maintaining a sense of adventure and connection to nature.

Sustainable Practices: Many customized hotel dome glamping tents incorporate sustainable design principles and eco-friendly materials to minimize their environmental impact. This may include using renewable energy sources, water-saving technologies, recyclable materials, and low-impact construction methods.

Seamless Integration: Despite their luxurious features and customized design, these tents are seamlessly integrated into the natural environment, allowing guests to immerse themselves in the beauty of their surroundings while enjoying the comforts of a luxury hotel.

Characteristic of the tent

1. The frame consists of high-quality aluminum profiles and steel structure, which is solid and safe.
2. Sunshade cover made of high-grade synthetic fiber plus double-layer PVC material has the advantages of high strength, wind resistance, rainproof, sunproof, flame retardant and so on.
3. Easy to install and disassembled, which is easy for transportation and storage.
4. Not need supporting pillars, modular structure, can be built according to the site.

FQA:
