Product Description

Economic Big Aluminium Frame PVC Roof Tent Large Sports Hall Tent For Football Event

Description :

Item	Width	Eave Height	Ridge Height	Bay Distance	Main Profile
BT	10m	3.88m	5.53m	5m	204x120x4mm(4-channel)
BT	12m	3.88m	5.83m	5m	204x120x4mm(4-channel)
BT	15m	3.88m	6.30m	5m	204x120x4mm(4-channel)
BT	20m	3.88m	7.10m	5m	204x120x4mm(4-channel)
BT	21m	3.88m	7.25m	5m	204x120x4mm(4-channel)
BT	25m	3.88m	7.88m	5m	204x120x4mm(4-channel)
EBT	25m	3.88m	8.00m	5m	256x121x5mm(4-channel)
EBT	30m	3.88m	8.90m	5m	256x121x5mm(4-channel)

The length can be extended by 5m bay such as 15m, 20m, 30m, 40m... Customized size is available.

Main Profile	Material: Hard pressed extruded aluminium 6082-T6, 6061/T6
	Features: Stainless
Cover	Material: Double PVC-coated polyester textile, 750g-900g/m ²
	Features: Waterproof, flame retardant to DIN4102 B1, M2, CFM, UV resistant
Eave Connection	Hot-dip Galvanized twin steel plate
Wind Loading	100km/hour

Advantages:

Versatility: Large sports hall tents are highly versatile and can be used for a wide range of indoor events, including sports competitions, trade shows, concerts, exhibitions, and corporate events. Their spacious interior can accommodate different layouts and configurations to suit the specific needs of each event.

Temporary Solution: These tents provide a temporary solution for creating a covered and weather-protected space for events. They can be set up quickly and dismantled easily, making them ideal for temporary events or venues where permanent structures are not feasible or necessary.

Cost-Effective: Compared to building a permanent sports hall or event venue, large tents offer a cost-effective alternative with lower upfront costs and reduced construction time. They eliminate the need for expensive building materials, permits, and construction labor, resulting in significant cost savings.

Customization: Large sports hall tents can be customized to meet the specific requirements of different events. They can be equipped with features such as flooring, lighting, HVAC systems, sound systems, and seating arrangements to create a comfortable and functional environment for attendees.

Mobility: These tents are portable and can be transported to different locations as needed. This mobility allows event organizers to host events in various venues or locations without being limited by the availability of permanent facilities.

Scalability: Large sports hall tents come in various sizes and configurations, allowing event organizers to scale up or down based on the size of the event and the number of attendees. They can accommodate small gatherings as well as large-scale events with thousands of participants.

Weather Protection: The durable fabric material used in these tents provides protection against the elements, including rain, wind, and sun exposure. This ensures that events can proceed as planned regardless of the weather conditions outside.

FQA:

Q1:How can I calculate the tent size I need?

A1:You must first determine tent usage ,if the tent with tables and chairs in it,one person need 1.2 square meters,if the without table and chair,one person need 1 square meter.

Q2:Does Tendars provide any help to install the tent?

A2:Yes,usually we will send Assembly Instructions to help you installation,if customer need our engineer come to their country to help install,that

is also workable.

Q 3: How long of the production?

A3:Our normal production time is 10-15 days, which is based on the square of Marquee tent.If the actual tent will use more sandwich walls or glass walls, The customization time for these accessories materials takes 20-25 days, Urgent order production time can be specially arranged.

Q4: What documents are available?

A4:A full range documents including structural drawings,packing list,installation manual and relative certificates can be provided.Moreover,customs declaration is provided.We provide one-stop service for you.

Q5: How long is the warranty period?

A5: Guarantee one year. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem.
