6.Here's a general guide to help you install a typical white party tent:

Materials and Tools Needed:

White party tent kit (includes poles, canopy, stakes, ropes, etc.)
Hammer or mallet
Ladder (if necessary)
Tape measure
Ground tarp (optional, for under the tent)

Steps for Installation:

Select and Prepare the Site:

Choose a flat, level area free of debris and obstacles.

Lay down a ground tarp if you are using one to protect the tent's bottom.

Unpack and Organize:

Unpack the tent and all its components.

Organize the poles, canopy, stakes, and ropes. Identify which poles go where by referring to the instructions.

Lay Out the Canopy:

Spread the canopy on the ground where you want to set up the tent. Ensure it's oriented correctly.

Assemble the Frame:

Start by assembling the roof structure. Connect the poles as per the instructions, creating the roof framework on the ground.

Lift the roof framework and secure it with any necessary connectors or screws.

Attach the Canopy to the Frame:

Drape the canopy over the assembled roof frame. Align it properly.

Secure the canopy to the frame using Velcro straps, ties, or hooks provided in the kit.

Raise the Tent:

With help from others, carefully lift one side of the tent and insert the vertical poles into the corresponding corners.

Repeat on the other side, lifting and securing all vertical poles until the tent is standing.

Secure the Tent:

Insert stakes into the ground at a 45-degree angle away from the tent to secure each pole. Use a hammer or mallet to drive them in.

Attach the ropes or guy lines to the stakes and tighten them to ensure the tent is stable.

Check Stability:

Ensure all poles are straight and the canopy is taut.

Check that all connections are secure and that the tent is stable. Adjust ropes and stakes as necessary.

Optional Accessories:

If your tent has sidewalls, attach them now using the provided Velcro or clips.

Add any additional accessories, such as lighting or decorations, as desired.

FQA:

***Q1.Does your company is a factory?**

A:Yes, we are a directly factory, We assure you all prices are based on factory.

***Q2: How can I calculate the tent size I need?**

A:We must first determine tent usage. If the tent with tables and chairs in it,one person need 1.5 square meters.
