## Product Description

### Outdoor Trade Show Marquee Tent Aluminum Alloy Event Tent For Festival Catering

#### Here are the key principles involved:

**Space Utilization:** Trade show marquee tents are designed to maximize interior space while offering flexibility in layout and configuration. They provide a clear, unobstructed area that can be customized with modular walls, partitions, and booth setups to accommodate exhibitors' varying space requirements.

**Customization and Branding:** Marquee tents allow for extensive customization to reflect the branding and identity of each exhibitor. From booth designs to signage and lighting, exhibitors can create a cohesive and impactful presentation that attracts visitors and reinforces their brand image.

**Functionality and Amenities:** Trade show marquee tents are equipped with amenities that enhance functionality and comfort for exhibitors and attendees. This may include climate control systems (heating or air conditioning), lighting solutions, Wi-Fi connectivity, and access to utilities such as electricity and water.

**Flexibility and Scalability:** Marquee tents offer flexibility to adapt to different trade show requirements. They can be expanded or contracted in size, depending on the number of exhibitors and anticipated attendance. Modular designs allow for easy reconfiguration to accommodate changes in exhibitor layout or event format.

**Safety and Regulations:** Trade show marquee tents adhere to safety standards and regulations to ensure the well-being of exhibitors and attendees. This includes structural integrity to withstand various weather conditions, fire safety measures, and compliance with local building codes and regulations.

#### FQA:

##### Q: Are you factory?

A: We are a professional integrated factory, which is specialized in developing and selling all kinds of large, medium and small sized outdoor tents. We can offer you a competitive price and fast delivery time, also can control the quality well and supply constantly to insure the quantity.

##### Q: What is the material of your tent?

A: The main frame of our tent is aluminum alloy. The cover is double PVC - coated polyester textile, 100% waterproof, flame retardant to DIN4102 B1, UV resistant, self-cleaning ability, etc.

##### Q: How to choose the size of tents?

A: The size depends on how many people you want to sit, stand or have dinner in the tent. Normally, we advise 0.8-1.2 sqm/person

##### Q: What is the service life of the tents?

A: Our tent framework can be used more than 20 years, and 8-10 years for PVC fabric depend on conditions of usage. Good discount will be given you to get a new fabric from us.

##### Q: How to assemble your tents?

A: We will provide the manual and video for you to study. If you need, we can send a technician to help you in your country.

**Q: What is the warranty and safe of your tent?**

A: Aluminum frame tent is made by European standards. We own TUV, SGS quality management system certification and fire resistant test for fabric.
